

# GROW SOLAR

P O L K C O U N T Y

Grow Solar Polk County is a grassroots group purchasing program for solar. NFC Advantage loans and forgivable loans can be paired with the Grow Solar program for eligible homeowners.

Going solar has tremendous benefits for the planet, our community, and your pocketbook! Learn more about the advantages of solar energy and how the Grow Solar group by program, paired with a NFC Advantage Loan, can make it more affordable.

## HOW DOES IT WORK?
